E-10345A-16-0123

Dear Commissioners:

As an APS ratepayer and Sun City resident, I **strongly object** to the APS recommendation for **Mandatory Demand Charges**.

With this mandatory demand charge, radically different charges could be produced every month. Normal kilowatt usage would be spiked up for a short period of time. This increase especially during the summer months would adversely affect our most vulnerable residents who would not be able to afford the monthly increases.

Residential demand charges are currently available as a choice - these have worked well for my family.

Please vote **AGAINST** Mandatory Demand Charges.

Thank you.

Debra M. Bell, 12218 N. Sun Valley Drive, Sun City, AZ 85351 (307) 259-2876, debbellcla@msn.com

Dear Mr. Little:

As an APS ratepayer and Sun City Resident, I strongly object to the APS recommendation for Mandatory Demand Charges.

With this mandatory demand charge, it could produce radically different charges every month. All of a sudden we would have spiked our kilowatt usage way up from what it normally is for a short period of time, but yet we are going to get stuck with a larger bill for that. I don't think that's right.

Residential demand charges are currently available as a choice. That is exactly where they belong.

Please vote against Mandatory Demand Charges.

Respectfully submitted,
